Small mix-ups. Big thinking.

A name card falls. A record gets mixed up.
A fair display needs one final clue.
Join Maya, Sam, and Jo for twenty friendly cases about a neighborhood getting ready for its community fair.
Use maps, measurement records, simple codes, and logic to work out what happened.
All the evidence is on the page.
No experiments or special supplies needed.
Includes optional hints and explained answers.

Solve the mix-up. Not blame a person.
